CII Bridges and Roads Investment Joint Stock Company (CII B&R) provides an explanation for the differences in business performance in the Consolidated Financial Statements for Q1/2025 compared to the same period last year as follows:

The net profit after tax in Q1/2025, as reported in the Consolidated Financial Statements, increased by approximately 10% compared to the same period last year. This increase was primarily driven by income from the Ninh Thuan 2 project and the DT 741 project under the BOT contract.

Our company commits that the above explanation accurately reflects the actual business operations of the company. We respectfully submit this information for the attention of the relevant authorities and shareholders.

Sincerely!

Recipient.
